MBO shareholder group of Burckhardt Compression renews shareholders' agreement and reports updated shareholding

Winterthur, Switzerland – June 2, 2026

The MBO shareholder group, which initiated and participated in the management buyout transaction in 2002 and conducted Burckhardt Compression's IPO in 2006, has informed Burckhardt Compression that it has renewed its shareholders' agreement for another five-years, with a term until May 31, 2031.

Over the years, the MBO shareholder group has regularly renewed its shareholders' agreement. Its members have in the meantime retired from the company's Executive Management and from the Board of Directors and have gradually reduced their ownership in Burckhardt Compression over the past years.

Burckhardt Compression has been informed that the combined ownership of the MBO shareholder group now amounts to 8.598%. The MBO shareholder group remains one of the company's largest shareholders and continues to be a stable core shareholder.

With the renewed shareholders' agreement, the MBO shareholder group, also after 24 years, reaffirms its long-term commitment to Burckhardt Compression.
