3.4. Election and term of office

Each member of the Board of Directors, the Board Chairman, and each member of the Nomination and Compensation Committee are elected annually by the Annual General Meeting. The members of the Board of Directors shall be automatically retired from the Board of Directors in the year in which they reach the age of 70.

3.5. Internal organization

The Board of Directors has the final responsibility for the business strategy and the management of the Burckhardt Compression Group. It has final authority and defines the guidelines regarding strategy, organization, financial planning and accounting for the Burckhardt Compression Group. The Board of Directors has delegated executive management responsibility to the CEO of Burckhardt Compression Group. The Board of Directors appoints a secretary for the Board and for the company. The Secretary does not need to be a member of the Board. This role is currently assigned to the company's Legal Counsel. The Board of Directors meets as often as business requires, but at least four times per year. In fiscal year 2016, the Board of Directors held six meetings, with each meeting lasting from half a day to one day. Furthermore, the Board of Directors held three telephone conferences during fiscal year 2016, each one lasting one to two hours. The Board of Directors has a quorum when the majority of the members are present. Decisions are passed by a simple majority. In the event of a tie, the Chairman has the casting vote.

Up until the introduction of the divisional organizational structure (in effect since June 1, 2016), the CEO, the VPs of Sales Compressor Systems, Components, Components Services & Support, Design & Manufacturing, Contracting, and Human Resources Management (HRM), the CFO and the Legal Counsel, who acts as secretary, had been invited to Board meetings to report on developments in their business areas. As of that date – or the date of commencement of employment of the new divisional Presidents – the CEO, the two Presidents of the Systems and Services Divisions, the CFO, the CHRO and the Legal Counsel, in his role as secretary, have been invited to attend the Board meetings to report on developments in their respective business areas. The Board of Directors has set up the following committees:

Audit Committee The Audit Committee advises and supports the Board in all matters related to external and internal audits, risk management, accounting policies and practices and compliance with accounting standards issued. In fiscal year 2016, the Audit Committee held two half-day meetings. The CEO, the CFO, the head of the internal audit department

and representatives of the external auditors also participated in these meetings. Members are Urs Leinhäuser (Chairman) and Dr. Monika Krüsi.

Nomination and Compensation Committee This committee advises and assists the Board of Directors on appointments and dismissals to and from the Executive Board and draws up proposals for the appointment, assessment or dismissal of members of the Board of Directors. Furthermore, the Nomination and Compensation Committee advises and assists the Board of Directors on questions relating to the compensation of the Board members and the Executive Board. The Nomination and Compensation Committee held three meetings in fiscal year 2016. The meetings lasted half a day each. The CEO and the CHRO also attended these meetings. Members are Hans Hess (Chairman) and Dr. Stephan Bross.

Strategy Committee The Strategy Committee supports the CEO in developing corporate strategy and advises the Board of Directors in strategic matters such as acquisitions and divestments. It evaluates the implementation of company strategy on a regular basis and submits proposals to the Board of Directors if adjustments or other measures are deemed necessary. The Strategy Committee held three meetings in fiscal year 2016. The meetings lasted half a day or a day each. Members are Valentin Vogt (Chairman) and Dr. Monika Krüsi.

3.6. Definition of areas of responsibility

The Board of Directors has delegated the executive management of the company and the Group to the CEO of Burckhardt Compression Group, with the exception of the following matters:

- Definition of the business policies and strategy of the Group
- Definition of the top-level organizational structure of the Group
- Approval of the periodic forecasts, the annual report and of reporting and accounting policies
- Ensuring adequate internal control systems based on the recommendations of the Audit Committee
- Determination of the appropriate capital structure
- Appointment and dismissal of members to and from the Executive Board, as well as compensation of the Executive Board
- Decisions on new subsidiaries, major capital expenditure projects, acquisitions, financing transactions, insurance concepts and the provision of guarantees if such decisions exceed the powers conferred on the CEO.

The powers of the Executive Board and of the Group company executives are listed in detail in the delegation of authority.

3.7. Information and control instruments relating to the Executive Board

Order intake, the income statement, balance sheet, liquidity planning and cash flow, headcount, personnel costs and capital expenditure are consolidated and annotated on a monthly basis. A rolling forecast of Group results for the current and coming fiscal years is also prepared and annotated four times a year (April, July, October and January). Targets for the coming fiscal year are determined based on the January forecast. The financial report and the forecasts are distributed to the members of the Executive Board and all members of the Board of Directors. At every meeting of the Board of Directors, the members of the Executive Board report on the course of business and on all issues of relevance to the Group. The statutory auditor assesses the effectiveness of the internal control system (ICS) in a written report submitted to the Audit Committee and the Board of Directors once a year.

The Internal Group Audit unit reports to the Chairman of the Board of Directors' Audit Committee. Management responsibility for the unit has been delegated to the head of the Accounting unit of Burckhardt Compression AG, who is also responsible for coordinating and conducting the audits. The CFO is responsible for coordination between the Audit Committee and the head of the Internal Group Audit. The Internal Group Audit team consists of qualified staff from the Finance and Controlling departments of Burckhardt Compression AG and several selected financial specialists from the Group's subsidiaries. These employees perform the internal audit duties assigned to

them in addition to their core duties and responsibilities within the Finance and Controlling units and in this additional capacity they report directly to the head of Internal Group Audit, who in turn reports directly to the Chairman of the Board of Directors' Audit Committee. This efficient organization is tailored to the needs and size of Burckhardt Compression Group and fosters an active exchange of information and best practices with the objective of creating sustained value added for Burckhardt Compression Group by means of continual process improvement. The internal auditors undergo regular training for the performance of their tasks. The training received is coordinated by the head of the Internal Group Audit. The schedule for internal audits is determined by the Audit Committee of the Board of Directors on an annual basis and may be changed or expanded by the Audit Committee as and when required. Eight internal audits were carried out in fiscal year 2016. The internal auditors' reports were distributed to the management of the audited company, the members of the Audit Committee of the Board of Directors, the Executive Board members and to the external company auditors.

The management of risks is integrated into the existing planning and management processes. The CEO reports on the assessment of the operational and financial risks to the Audit Committee and the Board of Directors twice a year. The Board of Directors assesses strategic risks on a regular basis.
